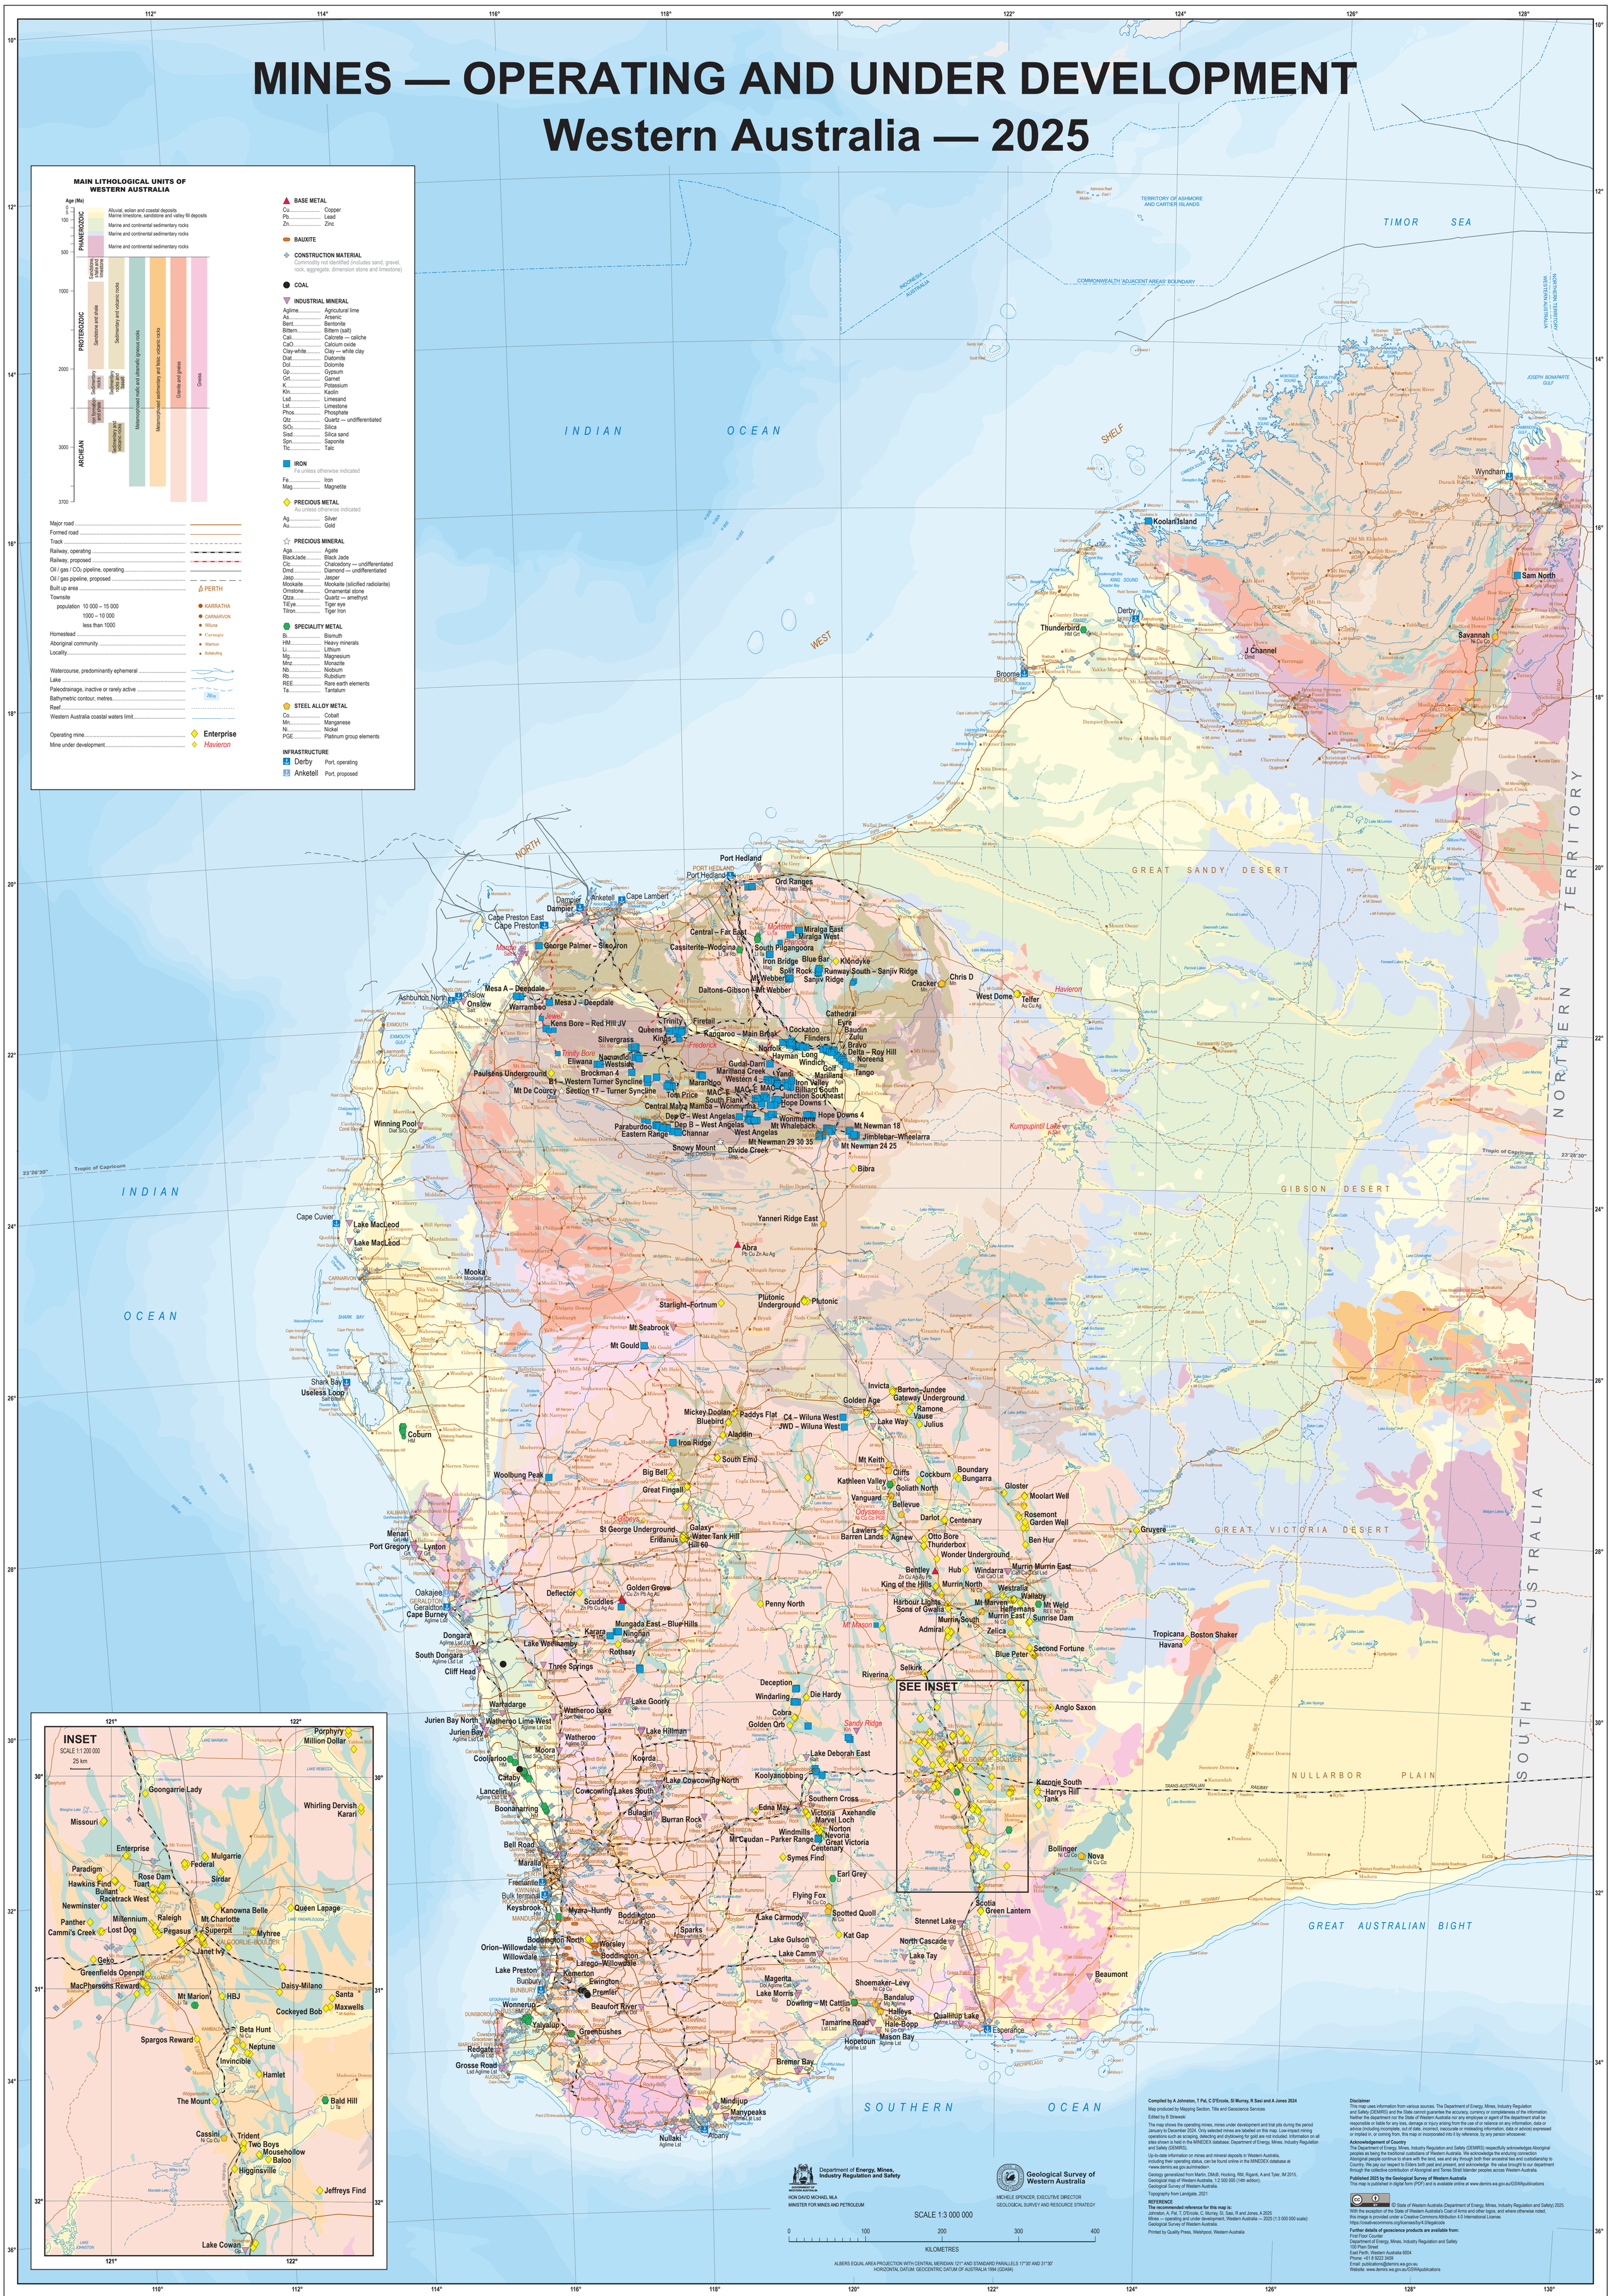
# MINES — OPERATING AND UNDER DEVELOPMENT
# Western Australia — 2025



Compiled by A Johnston, T Pal, C D'Ercole, SI Murray, R Sasi and A Jones 2024

Map produced by Mapping Section, Title and Geoscience Services

Edited by B Striewski

The map shows the operating mines, mines under development and trial pits during the period January to December 2024. Only selected mines are labelled on this map. Low-impact mining operations such as scraping, detecting and drylooking for gold are not included. Information on all sites shown is held in the MINEDEX database, Department of Energy, Mines, Industry Regulation and Safety (DEMIRS).

Up-to-date information on mines and mineral deposits in Western Australia, including their operating status, can be found online in the MINEDEX database at <www.demirs.wa.gov.au/minedex>.

**Acknowledgement of Country**
The Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) respectfully acknowledges Aboriginal peoples as being the traditional custodians of Western Australia. We acknowledge the enduring connection Aboriginal people continue to share with the land, sea and sky through both their ancestral ties and custodianship to Country. We pay our respect to Elders both past and present, and acknowledge the value brought to our department through the collective contribution of Aboriginal and Torres Strait Islander peoples across Western Australia.
