

- REFERENCE
- QUATERNARY: 0 Superficial deposits
 - JURASSIC: J1 Fitzroy Volcanics
 - PERMIAN: P1 Grant Formation
 - DEVONIAN - CARBONIFEROUS: D1 Fairfield Formation
 - DEVONIAN: D2 Windjana Limestone REEF FACIES, D3 Pillara Limestone BACK - REEF FACIES, D4 Napier Formation FORE - REEF AND INTER - REEF FACIES, D5 Van Emmerick Conglomerate, D6 Behn Conglomerate
 - PRECAMBRIAN: PC Basement complex

- SYMBOLS
- Geological boundary, position accurate
 - Geological boundary, position approximate
 - Trend line
 - Fault - position accurate
 - position approximate
 - concealed
 - inferred
 - inferred, concealed
 - Dip and strike of bedding
 - Horizontal bedding
 - Highway
 - Road
 - Track
 - Homestead
 - Yard
 - Trigonometrical station, major and minor
 - Elevation in feet
 - Telegraph line
 - Bore, well or waterhole
 - Windpump
 - Mining area
 - Position doubtful

TRANSVERSE MERCATOR PROJECTION - ZONE 3
The last three digits of the grid number are omitted
Magnetic Declination approximately 3°E
