The lines indicate magnetic declination

- means declination is east and correction is added to compass bearing to give true
- means declination is west and correction is subtracted from compass bearing to give true

Annual change is $1'$ westward

Geology by: W. K. Mita and C. P. Swager 1985-86
W. K. Mita, W. M. Hunter, and S. Whyche 1985-90
W. M. Hunter 1985
C. P. Swager 1987, 1992
S. Whyche 1992-93

Compiled by: S. Whyche 1992-93

Cartography by the Cartographic Services Branch, Surveys and Mapping Division
Department of Minerals and Energy, Western Australia

Topographic base supplied by the Department of Land Administration
and modified from geological field survey

Published by and available from the Geological Survey of Western Australia,
Department of Minerals and Energy, 130 Main Street, East Perth, 6004
