

- Strategic mineral resource protection area; should be set aside for future mining
- 500 m separation area around strategic mineral resource protection area; land use options may be restricted
- Possible strategic resource area that may contain mineral deposits; land use options may be restricted in parts of these areas
- Sterilized mineral deposit currently unlikely to be mined; does not restrict land use options
- Mine; rehabilitated, or under rehabilitation

Calypso Generalized deposit name

Land title boundary, simplified

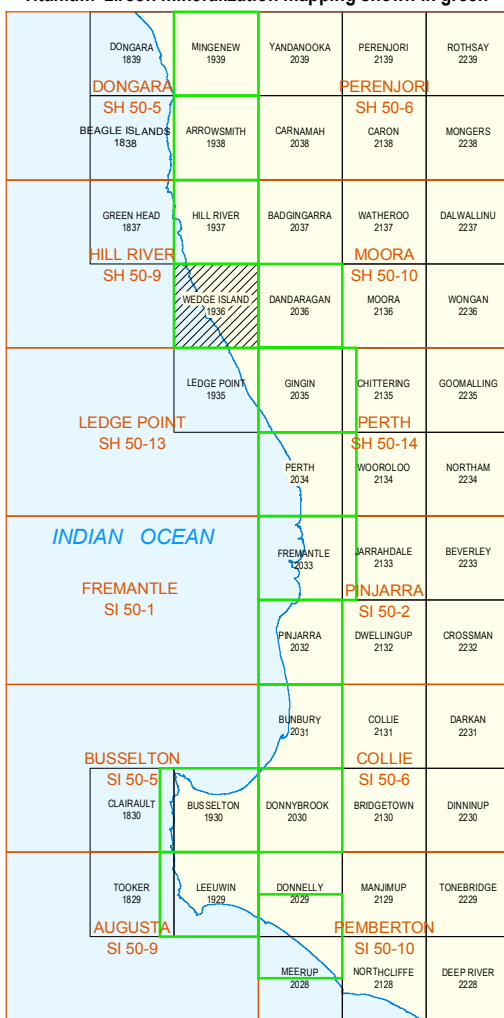

Highway/major road

Local government area boundary

Drainage

NOTE: this map shows the extent of known titanium-zircon mineralization, surrounded by an infrastructure halo. The extent of mineralization is based on exploration only up to the date of publication. Future exploration may locate additional areas of mineralization.
