

Residual values with the  
International Geomagnetic  
Reference Field removed

Data acquired in 2005. The data now forms part of the National Airborne Geophysical Database.

Published by the Geological Survey of Western Australia. Copies are available from the Information Centre, Department of Industry and Resources, 100 Plain Street, East Perth, WA 6004. Telephone (08) 9222 3459, Fax (08) 9222 3444, [www.doir.wa.gov.au](http://www.doir.wa.gov.au)

Secondary data processing R. Franklin  
Image processing J. H. Watt  
Cartography J. Simonetti  
Geophysical Project Manager S. H. D. Howard

These data are available in digital form from the Sales Centre, Geoscience Australia, GPO Box 378, Canberra, ACT 2601. Telephone (02) 6249 9966, Fax (02) 6249 9982. Digital data are also available for download from Geoscience Australia, [www.ga.gov.au/gadds](http://www.ga.gov.au/gadds)

Survey Index

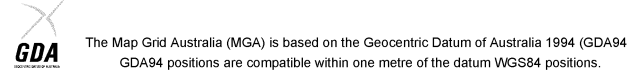

The image is compiled from the survey listed below, the area covered is shown on the survey index. The grid cell size is 80 m.

Survey ID	Survey name	Flight line spacing	Flight line direction	Ground clearance	Contractor	Date	Client
1	P1067 Ravensthorpe	400 m	0° – 180°	60 m	UTS	2005	GSWA/GA

UNIVERSAL TRANSVERSE MERCATOR PROJECTION  
HORIZONTAL DATUM: GEODETIC DATUM OF AUSTRALIA  
Grid lines indicate 20 000 metre interval of the Map Grid Australia Zone 51
